# USE AI LIKE A COACH

## Use the tool. Keep the thinking.

### A GOOD COACH CAN HELP YOU:

- ★ *understand the task*
- ★ *see an example*
- ★ *find your weak spots*
- ★ *ask a better question*
- ★ *choose a next step*

### BUT A COACH DOES NOT:

- ★ *do the work for you*
- ★ *hide what you do not understand*
- ★ *make the final decision*
- ★ *turn copied thinking into your thinking*

### BEFORE YOU SUBMIT, ASK:

- ★ *Can I explain this myself?*
- ★ *Did I check the answer?*
- ★ *Is this still my thinking?*

## ★ Use the tool. Keep the thinking. ★
