

WHAT DOES THIS PROVE?

EVIDENCE HAS LIMITS.

1.
A PATTERN
IS NOT
ALWAYS A
CAUSE.

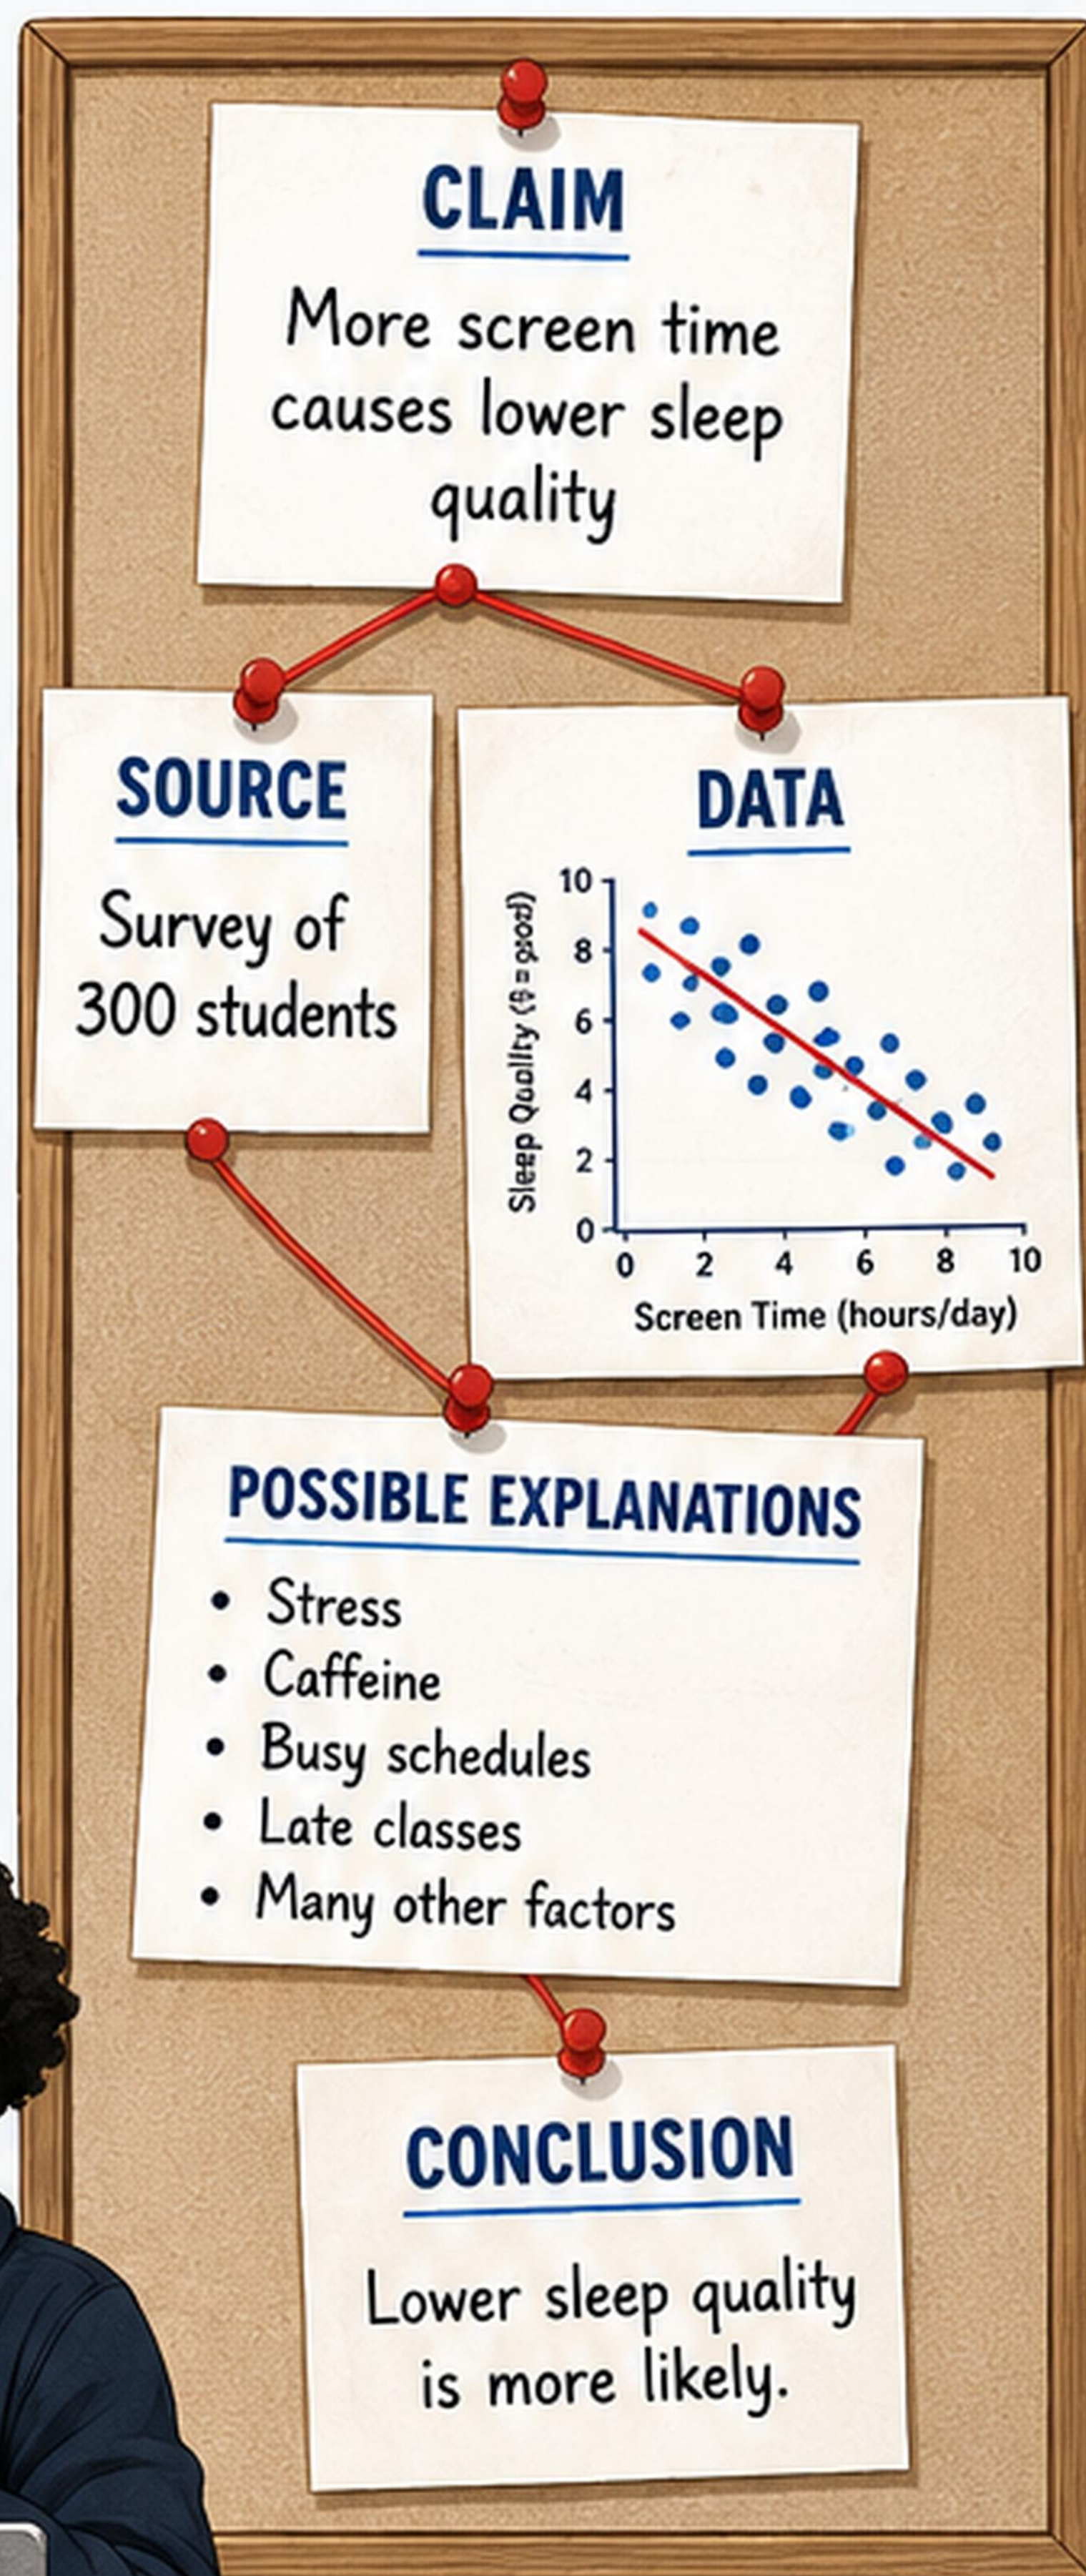

2.
A SOURCE
IS NOT
AUTOMATIC
PROOF.

3.
A GRAPH IS
NOT THE
WHOLE
STORY.

PROVES	DOES NOT PROVE
✓ What the evidence supports	✗ Why it happened
✓ What is shown	✗ What will happen next
✓ What is reasonable to claim	✗ What else could be true

Don't claim more than the evidence can carry.

1. WHAT DOES IT SHOW?

Identify what the evidence actually shows.

2. WHAT DOES IT NOT SHOW?

Name what the evidence does not prove.

3. WHAT ELSE COULD EXPLAIN IT?

Consider other reasonable explanations.

★ DO NOT CLAIM MORE THAN THE EVIDENCE CAN CARRY. ★
